The recording Project is going ahead for stage 1. There are some issues that we didn't have time for and ideas are welcome. The next meeting is this next Friday at the Westmark at 7:00 in the board room. The discussion so far will be on Juries, Producers, who should apply, how many times, more scenarios, sponsorship (from Julie Menard) and follow up on all the tasks assigned below.

This is all for Stage 1 only.

Flyers: Kate has done them, it just needs some corrections, to make sure all the info is there, and the application on it. It will be done in Goldenrod colored paper.

Internet: Stace will connect and put out the info to Artsnet, Music Yukon, and other lists. Julie will translate and send it out to Francophone lists.

Radio: Barbara will set this up and Kate, Peggy, Sonja, & Megan will do the interviews with her.

Letters: there was some discussion about whether personal letters should be given out and the concensus was that Kim Beggs will put a general letter together that doesn't have YWIM's name on it and that people can add the flyer and give it to women they think might be interested in it.

NEXT STEPS:

Jury: Kate will talk to Mark about lining up an outside jury.

Studio: Barbara will talk to Bob and set some things up for July

More info:

Julie Menard has said that the Franco-Yukonnaise society has a recording studio that people can use. The contact is Roch Nadon at 668-2663, then ask. Barbara will talk to them about rates and what equipment is available.

CD Baby: There is a section where reviews are needed if anyone has any from the last YWIM CD. Bill Plonski may have one available and Kim Beggs will put it on the site with any others people may have.

My Space: If you're not on the page and want to be, contact Kim Beggs.

Meeting adjourned at 9:30 by Kate Weekes.
